

“Arlo’s Adventure” written and illustrated by Bessie Matthews, This booklet about railway safety was donated through the LRC as part of Highland Main Line Community Rail Partnership resources and supplied by ScotRail.

The LRC worked with P7 looking at the book, hosted a short quiz and used the safety aspects of the booklet to prompt a poster making activity related to various forms of safety: water,

home safety, dangers in the garden, cycling safety, railway safety etc. P7 then shared their work with the Upper Primary at an assembly. As a timely reminder of railway safety, the booklets will be gifted to pupils at the end of term in P4, P5, P6, so thank you to the Highland Main Line Community Rail Partnership.

These photos show a class reading the booklet and the posters show some of the posters produced by P7 in relation to

safety- prompted

By the booklet/discussion and task set by the LRC.

See other sheet.
